Dear Professor Zaretsky:

At its October 18-19, 2024, meeting, the Board of Directors of the National Architectural Accrediting Board (NAAB) reviewed the Plan to Correct submitted by the Bachelor of Architecture (231 quarter credit hours) at University of Oregon and voted to accept the Plan to Correct and approve the program for the remainder of the term of accreditation.

The Board noted that the program submitted sufficient evidence to demonstrate compliance with the following Conditions for Accreditation previously noted to be out of compliance:

- SC.2 Professional Practice

The Board's review is included below:

**SC.2 Professional Practice**—How the program ensures that students understand professional ethics, the regulatory requirements, the fundamental business processes relevant to architecture practice in the United States, and the forces influencing change in these subjects.

**Met.** *The program provided sufficient information to meet the requirements of this criterion. The program provided evidence of how the program achieves and assesses student understanding of professional ethics, the regulatory requirements, the fundamental business processes relevant to architecture practice in the United States, and the forces influencing change in these subjects.*
